Gentlemen:

There has been copied from the files of the State Engineer's office a decree in the case of the Tidwell Canal Company v. Pioneer Ditch Company in the Seventh Judicial District Court of the State of Utah, also a memo pertaining to "full-ditch" water rights on canals diverting from the Price River system by Reid Jerman, December 31, 1940, as taken from the files of the State Engineer, and a memo on the validity of "double-ditch" rights on the Price river by E. J. Skeen as of December 30, 1940.

This matter may be of some assistance to you in your study of the Price River water rights below the Scofield dam.

Mr. T. N. Jensen asked for and has been provided with this same matter, together with a copy of this letter.

Yours very truly,

T. H. Humpherys
STATE ENGINEER
